Rounds shot in the practice period, tournaments or other events can count as league rounds, provided those rounds are entered into a scorebook; are shot at our Club; and are shot within the dates of the season (including practice weeks).

Other than Tri-Combo, we will post interim divisions (for information only) as “segments” of the summer season are completed so shooters can see where they stand against the competition. Shooters can still shoot ahead or in arrears as far as desired. Extra rounds can still be shot, except in Back-em-up Trap.

18-week leagues are divided into (3) 6-week segments.

16-week leagues are divided into (2) 9-week segments.

12-week leagues are divided into (2) 9-week segments.

10-week leagues are divided into (2) 9-week segments.

Only the divisions posted after the last segment of the season or the make-up week are final for use in the shoot-offs and to determine awards.
